

Super Stock Car Shell Graphic Design Competition

The Super Stock Car Shell Graphic Design Competition is optional. Teams do not have to decorate their shells in order to be able to compete in the GRC High School Super Stock Division Race. Things to consider if your Team decides to participate in this Competition. If the shell will be reused by another Team next year, you may want to consider vinyl, car wraps, or other materials that can be easily removed. If using paint, carefully read the instructions for proper application. As the Design Team, you will be responsible for researching and recommending which materials will be used for the car's shell. Any materials applied to the shell must follow the Soap Box Derby's rules and guidelines.

Evaluation

ELEMENTS	EXEMPLARY (5)	ACCOMPLISHED (4)	DEVELOPING (3)	BEGINNING (1-2)	NOT DEMONSTRATED (0)
Followed SBD's Guidelines					
Design's Creativity					
Usage of Art Elements (Color, shapes, lines, etc.)
